..... **Everything was delicious. Couldn't fault anything.** The background music was classy and classical. Prices are reasonable for the quality. Close your eyes and let your imagination take you to France.

....**the best dinner experiences ever.**

The staff were magnificent and the food was some of the best I have had and I have been fortunate enough to have traveled the world.

You must dine at this restaurant and Jean and his team are the best and friendliest.

Their wine list is fantastic and some very good prices for some excellent wines they have.

Thank you to all.

Great restaurant to visit after the walk from the Three Sisters. The duck breast was the best I've ever had. A beautiful old building with plenty of character close to town. Well worth the visit.

..... We are cautious with fine dining restaurants as we have been caught with high prices and small portions in the past. Not so here - the prices are reasonable for the quality of the food, the excellent service and location of the restaurant..... we would definitely recommend eating here if you are in the area.
